

Copatient Pro Enterprise

Medical Bill Review and Negotiation

Copatient Pro Enterprise partners with your participants, negotiates bills on their behalf, provides advice and support throughout and connects them with trusted financing resources. Copatient helps reduce overall healthcare expenses and improve benefit satisfaction.

SERVICE BENEFITS

- Medical bill review and negotiation delivers savings for plan sponsors and participants resulting in reduced financial burden for both
- Education, resources, and tools create an improved participant experience
- Increased participant satisfaction, leads to reduced strain on HR
- Sustained participant engagement
- Alignment between plan sponsors and participants

APPROACH TO SERVICE

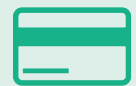

Provide resources to educate participants and simplify the process of managing health care expenses.

We combine the knowledge of our industry experts with data driven insights from our technology platform to review medical bills and identify savings opportunities.

Our advocates leverage their broad subject matter expertise to negotiate optimal cost savings, while providing a personalized experience.

We can connect consumers with a broad set of financing partners and payment options.

Copatient Total Network is offered on a Per Participant, Per Month basis.
